Checkmate Waste Management – Modern Slavery & Human Trafficking Statement

Issued: October 2025 | Next review: October 2026

Checkmate Waste Management is committed to preventing acts of modern slavery and human trafficking from occurring within both its business and supply chain.

As a UK-only brokerage working exclusively with British-owned companies, our supply chain is short, visible and entirely domestic.

Our Actions

- We conduct ownership and directorship checks on all partners.
- Site audits include checks on labour practices and worker conditions.
- All partners must confirm their own Modern Slavery Act compliance.
- Employees receive training on identifying and reporting concerns.
- We maintain a confidential reporting hotline.

We will terminate relationships immediately if any evidence of modern slavery or human trafficking is found.
